Daikin Cypress Creek Campus Event Celebrates Outstanding Construction Safety Record and On-Time Construction Performance

HOUSTON, February 29, 2016 – A ceremony was held on Thursday, February 18, 2016, to celebrate the outstanding safety record and on-time performance of the Cypress Creek Campus construction team as well as commemorating the installation of the 370th and final tilt wall panel at the facility.

The Daikin business campus has been identified as the world’s largest tilt-wall building. Due to remarkable efforts of both Daikin and the construction team, the distribution section of the facility is partially operational and contains over 200,000 units in inventory.

Mr. Takeshi Ebisu, President and CEO congratulated a team of Daikin dignitaries, senior staff members and the entire construction crew on the achievement of these outstanding milestones.

“This facility will stand as a testament to your vision, resourcefulness, hard work, and tenacity. You are building something that will stand the test of time and contribute materially to the indoor comfort and quality of life of our fellow citizens across North America and beyond.” Mr. Ebisu told the team.
